

## **ELECTRICAL TECHNICIAN YOUNG NSW**

**Trimech** is recognised as one of the leading providers of heating and cooling installation both domestic and commercial, as well as commercial refrigeration requirements.

With various locations across NSW including our head office in Young and branches in Parkes, Southern Highlands and Goulburn.

### **Why join us?**

- Job diversity including project management
- Excellent remuneration package
- long term employment incentives (RDO's)
- Work vehicle, uniform and other allowances & incentives
- Licence renewal & professional development training covered by Trimech
- Trimech is a modern, forward-thinking, family-friendly business
- Full support from an established & progressive business.

### **About the role**

We are currently seeking an experienced FULL TIME Electrician / Project Manager to join our progressive team at our head office based in Young NSW.

The successful candidate will work closely with the Service Manager to ensure consistent execution of commercial projects to Trimech's high standards carrying out installations, service calls, as well as conducting preventative and routine maintenance works whilst fostering effective communication and customer liaison.

As the Electrician / Project Manager, you will be responsible for maintaining, fault finding, troubleshooting, installation and servicing a wide range of commercial & domestic customers as well as running and delivering commercial and domestic projects within budget.

### **What you need**

- Electrical licence
- Current drivers licence, white card, police & WWC.
- Available to work overtime during busy periods and be part of on-call and weekend rotational roster (approx. once a month)
- Air conditioning & refrigeration knowledge would be beneficial but not necessary, and further training will be provided.
- An ARCTick licence would be beneficial.

**Excellent remuneration package including work vehicle, uniform and other allowances and incentives will be made available to the successful applicant.**
